

February 16, 2018

Dr. Kenneth Bloom
Chair, Academic Planning Committee
258 JH
UNL (0299)

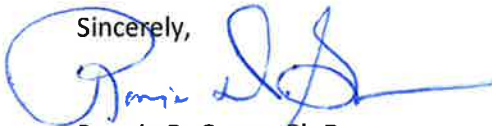

Dear Dr. Bloom,

I have received your letter to me with the recommendations of the Academic Planning Committee concerning the set of budget reduction proposals presented to you last fall totaling \$3,414,207. Thank you and members of the APC for your thorough approach with this process. Your letter indicates that the APC supports adoption of all of the proposed budget reductions and considers them to be sensible in the face of financial constraints.

I agree with your statement that these reductions impact the mission of the University and that they are not painless. I do appreciate you pointing out impact(s) of the proposed reductions. With this letter, I am notifying you that I will now finalize the reductions with which you have concurred.

Thank you, again, to you and members of the APC for your hard work on these important issues. I want to echo the thoughts in your letter and also express my appreciation to you and members of the Committee for the positive interactions during this process.

Sincerely,

Ronnie D. Green, Ph.D.
Chancellor
